Annual Report

of the

Board of Officers

Town of Pawlet
Vermont

For the Year Ending
December 31, 1966

NOTICE!

A pre-town meeting has been scheduled for

WEDNESDAY, MARCH 1 at 8:00 p. m.

Assembly Hall, West Pawlet

It was voted at last year's Town Meeting that a pre-town meeting be held to discuss the articles in the Warning.

DOG LICENSES

Vermont statutes require that a person who owns or harbors a dog more than four months old shall annually on or before April 1 cause it to be registered and licensed in the office of the clerk of the town wherein such dog is kept, and shall cause it to wear a collar, and attach thereto a license tag issued by the town clerk.

A person may not obtain a license for a dog unless he delivers to the town clerk a certificate or a certified copy thereof signed by a duly licensed veterinarian, stating that the dog has been vaccinated against rabies within thirty months and unless the person certifies that the dog described in the certificate is the dog to be licensed. The town clerk shall keep the certificates on file.

Rabies vaccination certificates for dogs registered in 1966 are on file in the town clerk's office. Check your 1966 license which gives the date of the dog's inoculation in the lower left hand corner. If the date is prior to October 1, 1964, your dog will need a new rabies vaccination before a 1967 license can be issued. Unless a valid certificate is already on file, you must present a rabies certificate when you apply for your 1967 license.

SCHOOL DIRECTORS' COMMENTS

ON BUDGET

TEACHERS' SALARIES — are based on salary schedule set up in 1966.

SUPERVISION — is Pawlet's share of the superintendent's salary, office and other expenses.

ELEMENTARY TUITION — is based on a rate of \$180.00 per pupil.

HIGH SCHOOL TUITION — is based on a rate of \$300.00 per pupil for 79 pupils. There is an increase of about 23 pupils this year.

BOOKS AND INSTRUCTIONAL SUPPLIES — are based on the anticipated needs as determined by the superintendent for improvement of the instructional program.

SPECIAL EDUCATION — covers the tuition charge at the Mt. Laurel School in Manchester.

*EQUIPMENT — expense includes cost of 6 overhead projectors, 1 tape recorder, 1 duplicator, 3 sets of encyclopedias and several smaller items. This item may be reduced depending on last minute state aid information.

*REPAIRS AND UPKEEP — includes \$200.00 for painting 1 room in each school plus usual repair costs which come up each year. This item may also be reduced depending on state aid information.

BUS DEPRECIATION — amount is for the last installment of refunding of bus purchase price. Remaining amount of \$760.00 per bus will be considered the residual value of a bus after full depreciation.

STATE AID — in 1966 based on information furnished by the Vermont State Department of Education state aid was estimated to be \$42,450.00. Actual State aid was \$27,235.00. It is hoped at the time of this explanation (1/28/67) that a bill to be introduced by our district representative will reimburse us for the \$15,000.00 difference.

Based on 1966 appropriation and Fair Market Value figures and 1967 cost and enrollment, state aid for 1967 will be:

Method 1—\$40,500.00 (Method used if tax raised is over \$74,000.00)

Method 2— 35,500.00 (Method used if tax raised is under \$74,000.00)

It is hoped that 1967 appropriation and Fair Market Value figures will be available before town meeting so that an accurate estimate can be used to determine necessary tax asking at town meeting.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE TOWN OF PAWLET

The mere mention of the word education seems to arouse problems in Pawlet. There are so many unanswered questions and so many issues at stake that one wonders what order or sequence should be followed. You are most fortunate to have a fine teaching staff and dedicated School Directors who sincerely are working for the betterment of education.

Standards currently being imposed by the state, consideration forthcoming from redistricting to form comprehensive K thru 12 district in Vermont, the up-grading of curricular demands and the existing problems resulting from two rather antiquated buildings in Pawlet are creating a multitude of problems for the Pawlet school district and, more specifically, the Board of Directors. Attempts have been made to correct the existing problems with the school buildings and, as you are so much aware, unfortunately the issue was soundly defeated and no gains have been made in this direction. Education is very expensive and more and more demands are being made on our districts for centralized services and specialized services that will assist the children and overcome handicaps that may exist with reading deficiencies, speech deficiencies, mental retardation, classes for slow learners and psychological services.

We are constantly faced with the problem of how long Granville intends to receive our pupils in grades 7 thru 12 and, if this were to stop, there is the immediate problems of where would we place the children wherein they would be offered full advantages under a comprehensive education. It is because of the lack of secondary school facilities and

the antiquating of some of the facilities that exist that we are pressed to formulate definite plans under redistricting wherein several towns pool resources for the ultimate goal of building schools that can accommodate the numbers of children without having to rely on another state for this service and under which we would have the control desirable over the education offered to our children.

With the introduction this school year of the system of teachers teaching one grade only, we have created a much better teaching-learning situation for the schools. There are, of course, transportation difficulties that are nearly impossible to overcome because of the necessity of following the Granville schedule.

Pawlet has been the recipient of Federal funds under Title I, ESEA, wherein Mrs. Helen Mach is working as Curriculum Coordinator primarily in the areas of reading and Social Studies to improve curricular design and to work with the teachers on IN-Service programs to enhance the instructional program. We, too, have received money Title II of the same act for library funds to provide library books for classrooms.

Las summer some of the Pawlet children were enrolled in Operation Head Start which was held at Rupert Village school and once again in the summer of 1967 we are planning to operate an Operation Head Start Program in the Pawlet school for children who will be entering the first grade next fall. Great gains are made with this program in preparing the children for the formal educational aspects of school and providing a readiness program which includes reading at an earlier stage.

The latest problem to confront the town of Pawlet has been the loss of approximately \$15,000.00 in State Aid due to a change in the State Tax department of the fair market value grand list increasing same by some \$10,000.00 and, therefore, removing Pawlet from the high effort tax base and, in net essence, reducing the amount of anticipated State Aid back to the former level of 1965. Efforts have been made by one and all, regarding administration and directors, to recover this money and we hope to be successful in get-

ting at least a portion of this from the state; otherwise the net debit in spending will be carried over as shown in the budget report of this year, showing a school tax which reports in part monies already spent from the preceeding year.

With the many issues confronting us I ask you to please keep informed concerning the desired improvements in the district at large so that you will be able to support openly programs for the betterment of education for Pawlet children. Your understanding and support are necessary if we are to attain the goals and objectives set forth for our future citizens. Thank you.

The enrollment figures for the 1966-67 school year are:

	<i>Elementary Pawlet West Pawlet</i>	<i>Granville Elementary</i>	<i>Granville High</i>	<i>Hartford</i>	<i>Mt. Laurel</i>
Grade 1—24	1— 0	9—35	9— 1		
Grade 2—22	2— 0	10—17	10— 0	6	
Grade 3—18	3— 1	11—15	11— 2	(no	
Grade 4—27	4— 4	12— 9	12— 0	grade)	
Grade 5—22	5— 3				
Grade 6—17	6— 2				
Grade	7—34				
Grade	8—23				
Total	130	64	76	3	6

The cost per pupil for the 1965-66 school year was \$458.85.

Respectfully submitted,

NEIL E. CROSS,
Superintendent of Schools

MOUNT LAUREL SCHOOL

Mount Laurel School opened in 1959, to provide special education for mentally retarded children. It has grown from one class of 14, housed in rented quarters in the basement of the Manchester Elementary School to three classes (currently 41 children) occupying the fine modern building on Route 7, north of Manchester provided through the generosity of the Irene Heinz and John LaPorte Given Foundation.

The school serves the entire School District, centered in Manchester, but including also Dorset, East Dorset, Danby, Rupert, West Rupert, Pawlet, West Pawlet and Sunderland.

In addition to the basic curriculum taught by three specially trained teachers, it provides instruction in the arts, physical fitness and courses in domestic science and shop work, designed to help its graduates obtain gainful occupation. Classified technically as a "private" school, it operates under a volunteer Board of Directors, following the guide lines of the Special Education Division of the State of Vermont and receives State Aid which has been generously supplemented by gifts from local individuals and groups, without which it could not provide the many "fringe benefits" essential for these children.

VERMONT STATE DEPARTMENT OF HEALTH

Annual Town Report — 1966

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1965 through June 30, 1966. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Pawlet:

Attendance at well child conferences	102
Number of children given diagnostic services at hospitals	3
Number of children financially aided with hospitali- zation	2
Number of children aided at handicapped children's clinics for speech, hearing, orthopedic, plastic, neurological, or cardiac problems	13
People x-rayed for tuberculosis detection	16
People x-rayed for occupational diseases	25

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.
Commissioner of Health

VERMONT DEPARTMENT OF SOCIAL WELFARE — Montpelier, Vermont

This thirty-first in the series of annual reports submitted to the people of Pawlet presents tabulations for the calendar year 1966. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$ 345.27
Hospitalization Services	161.61
Physician Services	39.60

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$771.79 for the year just closed.

During 1966 assistance was granted to 18 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state - federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted

JOHN J. WACKERMAN
Commissioner of Social Welfare

AUDITORS' REPORT

We have examined the books and records of the Town Treasurer, Selectmen, School Directors and the Collector of Delinquent Taxes for the period January 1, 1966 to December 31, 1966 and it is our opinion that they are in good form and that they correctly reflect the financial condition of the Town of Pawlet and the Pawlet School District as of December 31, 1966.

PREVENT FOREST FIRES!

Guard against GRASS AND BRUSH FIRES — they can quickly grow “from little ones to BIG ones”!

RUBBISH-BURNING should be done in a closed incinerator (such as a steel barrel) with a $\frac{1}{2}$ " mesh screen over its top. Unless this practice is followed the permission of the Fire Warden is required for rubbish-burning from March to November inclusive.
